

# The Arbor Memory Care

The Arbor memory care residence recognizes the unique needs of each individual with four different personal care levels. Each level is designed to include the types of care and services most often required by those with Alzheimer’s disease or dementia. By matching resident care needs with the appropriate level, families gain the peace of mind of knowing their loved one has the right amount of support.

Apartment	Size (approx.)	Assisted	Intermediate	Advanced	Advanced Plus
<b>Studio</b>					
Alder	408 s.f.	\$6,261	\$6,851	\$7,633	\$8,594
<b>One Bedroom</b>

### Assisted

Resident can live in a secure residential setting with routine observation; responds to verbal prompting in self-care activities, such as dressing and grooming; and participates with bathing assistance.

### Intermediate

Resident cooperates with staff in self-care activities, such as dressing, grooming, bathing and toileting. Assistance is needed with medication monitoring. Resident’s behaviors may require simple staff interventions.

### Advanced

Resident requires direct assistance of one staff person with dressing, grooming, bathing, medications and/ or management of incontinence. Resident’s behaviors may require regular staff intervention.

### Advanced Plus

Resident may need assistance to ambulate outside of apartment, demonstrate poor safety judgment, require frequent safety checks, need frequent assistance with transfers and need assistance with eating meals. Resident’s behavior requires significant staff intervention.

For second person, add \$720 per month plus personal care fee.  
Due to the nature of new construction, this information is subject to change.
