Catered Living

A Home Care by Wesley Program

Catered Living* is a flexible home care program offered in The Commons neighborhood at Wesley communities. Residents receive the care they need to remain as independent as possible for as long as possible. For those in transition, the Catered Living program allows support to be increased or decreased as needed.

Staffed by certified nursing assistants with licensed nurse coordination, Catered Living provides home care services similar to assisted living 24 hours a day, 7 days a week for scheduled and unscheduled needs. Higher level nursing services and health care support are available, including oversight for diabetic residents, full medication administration and assessments of ongoing needs as well as acute situations.

Common services provided by Catered Living:

- Mobility assistance, exercise and transferring
- Incontinence support
- Bathing, dressing and personal care
- Diabetes management
- Reassurance checks
- Medication management

Care is based on a point system** which assigns a point value to each service based on the time needed, level of involvement and acuity of task required to perform that service. Our Care Manager reviews the services needed with each resident to develop a customized, point-based care plan package. Follow up evaluations are conducted every six months or when service needs change.

* Catered Living rates are separate and in addition to the Monthly Service Fee of The Commons and its associated services. Some licensed nurse services may incur additional charges.

** 1 point equals \$70.

Catered Living

Through individual care coordination, Catered Living is designed so program participants receive and pay only for the services they need.
